

**SECURITY IS THE NAME OF THE GAME**

# Data Security

## FIVE SIGNS YOUR BUSINESS IS AT RISK

1. Minimal cybersecurity awareness training
2. Improper company & personal device usage
3. Neglecting security with shortcuts
4. Unsecure data transportation & storage
5. Failing to upgrade & patch services

35% OF ORGANIZATIONS don't have security and AI automation in place

those with it fully deployed catch breaches an average of 77 days sooner.

## GOOD PASSWORD Hygiene

TREAT YOUR **PASSWORDS** LIKE YOUR **TOOTHBRUSH**

Don't share them. Keep them **protected**. Choose a **good one**.

## DATA SECURITY CHECKLIST

- SAFEGUARD DATA PRIVACY:**  
Guides your employees on how to handle sensitive information in such a way that it is not compromised.
- PASSWORD MANAGEMENT:**  
Password management Policy ensures your company resources are protected and only accessible by authorized personnel. The guidelines should include password length, complexity, and how often it needs to be changed.
- INTERNET USAGE:**  
Internet Usage Policy defines best practices while accessing the internet, such as restricting employees from visiting certain sites or prohibiting unnecessary file downloads, will help set limitations and minimize security risks.
- EMAIL USAGE:**  
Email Usage Policy allows your employees to be aware of what is expected of them and how company information should be disseminated internally and externally.

### Why Your Business Needs A Data Security Policy

[Learn Now](#)

Today, the competitive business environment is data-driven. Data provides key insights into your customers and business performance that helps you make better decisions and improve processes. However, the sudden influx of employees working remotely exposes your organization's information to several security threats.

## PAentine's Day

This year, our team put a spin on Valentine's Day by celebrating PAentine's Day. All employees received a goody bag filled with treats and enjoyed a game of friendship bingo! It was a great way for our staff to get to know one another, especially now that **our team is exceeding over 60 employees!**
