Keeping Up With Data-Tech

Networking Happy Hour

Data-Tech hosted a successful Networking Happy Hour Thursday, August 25th, at the lovely Centre Club Tampa. It was a great time meeting and connecting with clients and other Business Professionals! Special thank you to our guests and Centre Club staff for providing us with a beautiful room and awesome bartender.

Dog Days of Summer

Every year Data-Tech celebrates Dog Days of Summer, a week-long, internal event for Employees. Each day of the week is a new theme filled with good times and delicious catered food. One of our favorite events this year was Tie Dye Tuesday! It's a perfect team bonding event and lots of fun. Special shout-out to our EAC for putting on another awesome Dog Days of Summer!
