'TIS THE SEASON

**How to have a
Cyber Safe Holiday**

Holiday Cyber Tips: Business Edition

1 Update Software & Security Patches

2 Use Multi-Factor Authentication

3 Employ External Cybersecurity Audits

4 Implement a Response Plan

**It's the most vulnerable time of the year,
schedule your FREE IT Assessment!**

BE A CYBERSMART HOLIDAY SHOPPER

Protect Your Money

Have fraud protection on your credit card & look for URLs that contain <https://> to ensure the website is secured.

USE SECURE WIFI

Limit using public wireless networks & look for the signs of a secured website when shopping on the go.

Research New Sites

When shopping on a new website, read reviews to see if other consumers have had positive experiences.

Traveling for the Holidays?

INSPECT YOUR GAS PUMP FOR SKIMMERS

These devices are placed on gas pumps by hackers to copy credit card information.

Keeping Up With Data-Tech

Data-Tech's Annual Holiday Party

Data-Tech's annual Holiday Party was Thursday, December 8th, at the lovely, Armature Works! It was a fantastic time celebrating this year's accomplishments with our amazing team. Thank you, employees & vendors, for creating an unforgettable night. Congratulations to our 2022 Office Superlative winners! Happy Holidays!
