APRIL 2023

Data-Tech Turns 27!

As Data-Tech celebrates 27 years in business, we wanted to take a moment to reflect on the past, celebrate our successes and look forward to an exciting future. There have been countless hours of hard work that have gone into making us what we are today – an award winning Managed Service Provider in the Tampa Bay area. Collectively it has been a fantastic achievement and something all of us can be proud of! From humble beginnings as a small family owned operation back in 1996, over more than two decades Data-Tech has grown into one of the most respected names in Technology Services.

Co-Managed IT

Co-Managed IT is a model that blends your business' strategic framework with the support and expert knowledge of Data-Tech's experienced IT professionals. Outsourcing your IT allows you to focus on your business efforts without the burden of daily IT support weighing you down. We built our Co-Managed IT Services to serve one thing: you. Co-Managed IT is a powerful tool and resource for an IT manager who wants to grow and become a more effective team member. Are you ready to boost your internal IT?

BOOST YOUR INTERNAL IT TEAM WITH OURS

GOOD ALONE.

**MUCH
BETTER
TOGETHER.**

**JUST LIKE
CO-MANAGED IT.**

Just like chips and guac, Data-Tech and your internal IT team are a perfect pair. Together, we work directly with your internal IT staff to benefit each other by creating proactive and reactive IT solutions. Working side-by-side with your in-house IT staff enables us to create efficiencies by streamlining your back-office IT functions, reducing redundancies across systems, and speeding up system updates; thus, improving network performance and security.

We have a wide breadth of specializations on staff ready to tackle whatever IT initiative your team has.

**DOES YOUR BUSINESS
NEED CO-MANAGED IT?**
